Dear Goldington Green School,

How are you? Hope you are fine and doing well. Back to me here, am fine and doing well. At the moment, am finishing the first semester of my third year. Meaning it remains with only one semester to finish school. All this is because of your sincere support, giving, and prayers. I appreciate your good work.

Right about now, we are planning to do our end-of-semester exams. And I really can't wait to go off the semester. By the way, I had forgotten to tell you, this semester, I specialized in accounting this semester. And truth be told, it has not been easy. Doing ten-course units has been one of the trying moments.

I even reached a point in the semester when I felt like quitting accounting and joining marketing but I remembered that in life there are always ups and downs but all we have to do is to continue pushing harder and harder as we pray and wait on the Lord because he's the only one to make our dreams count. Secondly, I remembered that quitting my dream would be a sign of disrespect to people who believe in me for example you.

Thank you so much for loving me and supporting me may the Lord serve to bless you and take care of you, and may he give you all your heart desires. In addition to this, the league resumed about two months ago, and right now it's game after game every weekend. So far I have won one medal for being the most valuable player and all am praying for is more. Allow me to stop here for now, may the Lord richly bless you for the good work done.

**All from, Isabella Namugabo.**

Lamentations 3:22-23

**THANK YOU**
